1. 해외 베스트 프랙티스

1.1 TL 9000 Requirements Case Study, Nortel Networks

TL 9000 Benefits

- Establishes a company-wide set of industry accepted metrics
- Opportunity to participate in Best in Class activity
- Metric benchmarks will assist company in focus areas of improvement when available
- TL model evolves an Industry specific focus
- Provides a unified Quality System view to partners, customers and associates

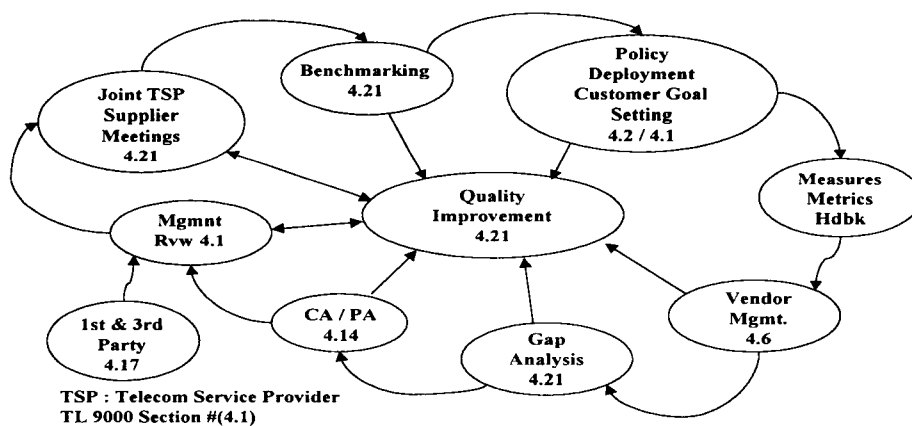

1.2 TL 9000 Requirements Deployment, Fujitsu Network Communications, Inc. Motorola

Summary

- Ensure executive management support
- Establish goals and objectives
- Do P-D-C-A cycle on all major activities
- Provide enough details on project plans
- Emphasize importance of training
- Communicate constantly with employees, customers and subcontractors

1.3 TL 9000 Metrics, Lucent Technologies Tellabs Operations, Inc.

- Supplier Metric Usage

· Policy Deployment

· Policy Targets, Status, Owners

TL 9000 Metric	Base line	1Q Actual	2Q Actual	3Q Actual	Target	Owner/Steward
On Time Delivery	85%	87%	86%		90%	D'Emolio / Ven Seun
Problem Reports Density % of plan	92%	92.3%	92.2%	92.3%	94%	Lossok / Lex
Problem Report Fix Response Time % within objective	69%	80%	83%	86%	85%	Lex / Geuldin
System Outage (min/sys/year)	1 min	.330 min	.330 min	.251 min	1 min	Cicon / Nicosie
Return Rates Density % of Plan	97.2%	98.4%	102.8%	102.9%	99%	Holmos / Thomes
Sftw Release Aborts % of Plan	100%				85%	D'Emolio / Kritzmehor
Customer Satisfaction % of Plan	92.5%	96%	95%	93%	95%	D'Emolio / Ven Seun
Service Quality % of Plan	93%		94%		97%	Lex / Thomes

1.4 Using Metrics to Drive Network Improvement, BellSouth

Overall Customer Focused Measurement : DPM

· DPM = Defects per Million

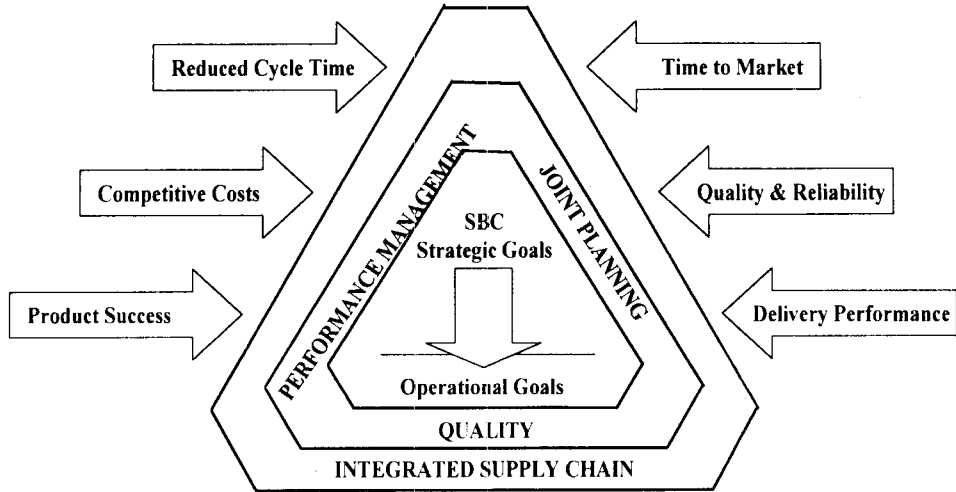

$$DPM = \frac{\text{Number of Blocked Calls}}{\text{Call Volume } (\in \text{ Millions})}$$

e.g. $\frac{23,000,000 \text{ Blocked Calls (Yearly)}}{153,500,000 \text{ Totals Calls (Yearly)}}$

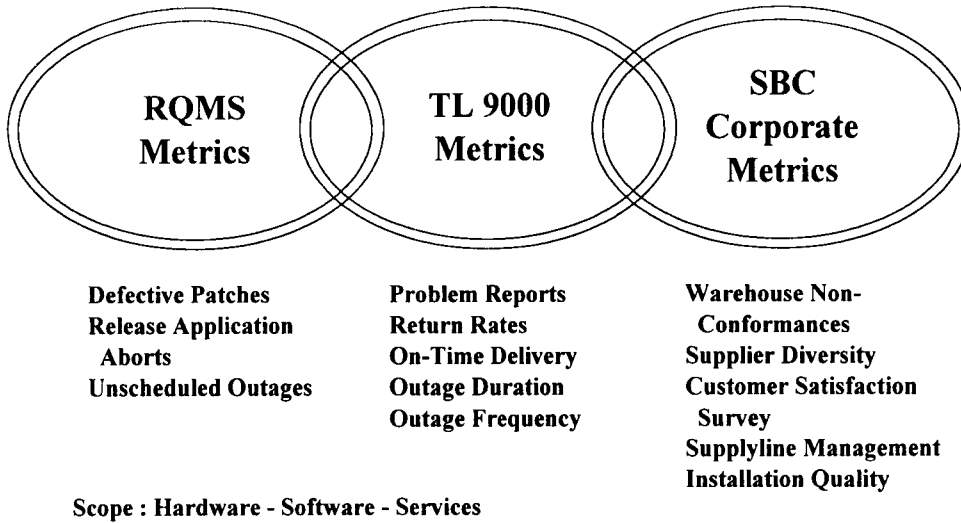

equals approximately 150 DPM

1.5 Web Based Reporting of TL 9000 Metrics, SBC

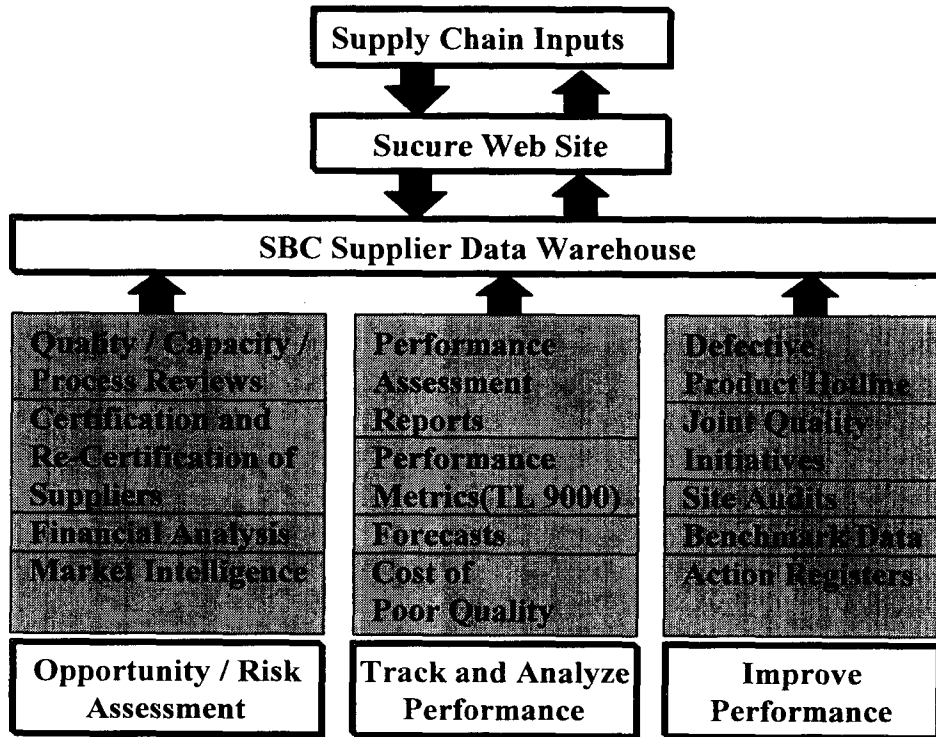

· Supply Chain Integration

· SBC's Integrated Approach to Performance Metrics

· Web-Enabled Supply Chain Communication

1.6 Using TL 9000 Measurements, Alcatel

- Balanced Score Card
- CSI
- Mapped to TL 9000 Product :

1st Yr. Return Rate	FYR	5%
Long Term Return	LTR	7%
Repair Re-return	SQ3	2%
Outage frequency	SO3	6%
Outage duration	SO4	9%
SW Update quality	SWU	3%
New Product Introduction	not TL	8%
Total		40%

1.7 Supplier Diversity as a Best Practice, SBC, Nortel

- Work toward "World Class" Supplier Diversity Programs and annual supplier diversity results of 10% M/W/DVBE procurement

· QuEST Supplier Diversity Excellence : Rating Summary

Program Element	Maximum	Score	Elements
Element 1 - Policy	48		16
Element 2 - Planning	39		13
Element 3 - Processes	81		29
Element 4 - Measurement, Tracking and Reporting	36		12
TOTAL			
	204		

	Rating	Score
Maturity Level		

137 points - 204 points	Best-In-Class
69 points - 136 points	Advanced
68 points or less	Emerging
