

The Region Activation by Medicinal Garden in Inje-Gun

Park, Suk Keun
Korea Botanical Garden Institute

ABSTRACT

The region activation have attracted much attention of politician, government, scholar, local residents and so on, but it is very difficult and delicate. The policy of Inje-Gun government are jump into the lucrative tourism, the strong agriculture, the comfortable welfare and the attentive administration. But the present status is very poor. Economic self-supporting index is only 19%. The policy will achieve by increase of economic self-supporting. I am going to propose some item for region activation in Inje-Gun. The items are medicinal garden construction, green tourism, local festival, residents increase and so on.
