

Journalist View----FPD Perspective

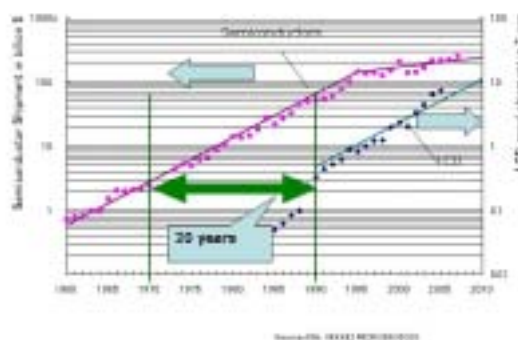

Past, Present and Future

Hirohisa Hayashi

Managing Director, FPD Research Institute

Nikkei Business Publications, Inc.

As a journalist who has been dedicated to semiconductors, LSIs and displays for 35 years, detailed overview of how FPDs have developed to its height from technological and industrial aspects will be presented. Through comparing LCDs, PDPs, rear-projection, SED, etc., the competitive edge of LCDs will be shown. The market change in terms of technology, market and application in year 2010 will be discussed.
