

Retraction Announcement

Article: Kim, J.H. and DePaoli-Roach, A.A. Epinephrine Control of Glycogen Metabolism in Glycogen-associated Protein Phosphatase PP1G/R_{GL} Knockout mice. *J. Biochem. Mol. Biol.*, (2002), 35, 283-290.

The Editors have withdrawn this article after learning that it had been submitted without the knowledge of the principal investigator in whose laboratory the research was performed. As published, the article is deficient in the discussion of the background and the interpretation of the results. Additionally, several co-authors were omitted, as was acknowledgment of the funding that supported the research. The Editors regret this incident and urge the readers of the journal not to cite the article.
