AAAP Animal Science Congress
2006 Korea

Topic Area

Satellite Symposium Session

- International Symposium on Production and Utilization of Pigs-Crop Rotation (Sept. 18)
- Joint Animal Biotechnology Symposium between Japan and Korea (Sept. 19)
- Round Table Discussion Symposium- MMSM (Sept. 20)
- ABT Symposium: Crop for Poultry and Livestock (Sept. 20)
- 4th International Symposium on Advances in Animal Production (Sept. 20)
- Round Roundtable-ABT (Sept. 21)
- 10th Anniversary Commemorative Symposium of Korean Society of Animal Science and Technology (Sept. 22)
- Genetic Characterization of Asian Forest Pigeons (FROMVULM)

Concurrent Session

1. Large Ruminant Production- dairy & beef cattle, water buffalo
2. Small Ruminant Production- sheep, goat, rabbit, deer, etc.
3. Pig Production
4. Poultry Production
5. Poultry Production
6. Animal Breeding & Genetics
7. Meat Processing & Production
8. Milk Processing & Production
9. Animal Reproduction/Physiology
10. Animal Welfare/Health
11. Health and Companion Animals
12. Animal Environment & Welfare
13. Food Technology
14. Aquaculture
15. Food Safety & Biotechnology
