

PROGRAM

IPTC 2008 제8회 국제광기술컨퍼런스

The 8th International Photonics Technology Conference

September 23	Speaker	Title	Chair
14:00 ~ 14:30	Opening Ceremony and Welcome Remarks		
14:30 ~ 15:20	RyozoYamauchi Kuniharu HimenoFujikura, Japan	Optical Communication Technology and fibers for next generation	오경환
15:20 ~ 16:00	Ilsang Koh Chonnam National University, Korea	Optical Information Technology market trend	최순조
16:00 ~ 16:20	Coffee break		
16:20 ~ 17:10	Byung Du Oh Hanbeam Co., Ltd, Korea	Photovoltaic material and devices, their recent trends	임기곤
17:10 ~ 18:00	Shuji Hayase Kyushu Institute of Technology, Japan	Recent technological development in Photovoltaic industry	김제하
19:00 ~ 21:00	Reception Banquet at Shin Yang Park Hotel		

September 24	Speaker	Title	Chair
09:00 ~ 9:40	Donchool Lee Mokpo National Maritime University, Korea	Applications of optical monitoring technology in ship building industry	이병호
09:40 ~ 10:20	Myung Yung Jeong Pusan National University, Korea	Optical applications in automobile communication networks	송석호
10:20 ~ 11:00	Alexis Mendez Micron Optics, USA	Technical review on optical fiber sensors and systems	
11:00 ~ 11:20	Coffee break		
11:20 ~ 12:00	Hooshik Kim Vieworks, Korea	Medical imaging components and system technologies	김법민
12:00 ~ 12:40	Zhongping Chen Beckman Institute, USA	Optical Metrology for medical instruments	김동현
12:40 ~ 14:00	Lunch		
14:00 ~ 14:40	Karl Eberl Lumics, Germany	High power laser diodes for industrial applications	고도경
14:40 ~ 15:20	Myoungku Oh Trumpf, Korea	Industrial laser technologies	김진태
15:20 ~ 16:00	Andreas Tuennermann Fraunhofer-IOF, Germany	High power fiber lasers and their applications	
14:50 ~ 15:10	Coffee break		
15:10 ~ 15:50	Jeong-In Han Korea Electronics Technology Institute, Korea	Optical display technology trends	유영문
15:50 ~ 16:30	Jed Dorsheimer Canaccord Adams, USA	LED technology development and trends	오병두
