<sup>2</sup>Pharmacogenechips Inc., Chuncheon, Korea

On page 158 and 159, the authors found labeling errors in Table 4 and Table 5. Table 4 is originally result for “Upregulated genes differentially expressed in liver tissue of db mice treated with GAG over a 1-month period” but was erroneously expressed as “Upregulated genes differentially expressed in liver tissue of melanoma induced mice treated with GAG over a 1-month period”. Table 5 is originally result for “Downregulated genes differentially expressed in liver tissue of db mice treated with GAG over a 1-month period” but was erroneously expressed as “Downregulated genes differentially expressed in liver tissue of melanoma induced mice treated with GAG over a 1-month period”. Therefore author wanted to change from --melanoma induced mice-- of Table 4 and Table 5 to-- db mice--.

Table 4. Upregulated genes differentially expressed in liver tissue of db mice treated with GAG over a 1-month period

Table 5. Downregulated genes differentially expressed in liver tissue of db mice treated with GAG over a 1-month period
