The editors of Nutrition Research and Practice received a letter of raising concerns regarding this paper¹⁾. In response, NRP's special committee on research ethics launched an investigation. During an investigation, authors admitted unintentionally omitting citations for an article that had been previously published in J. Clin. Biochem. Nutr²⁾. The entire article has been retracted from NRP in accordance with NRP policy and editorial decision.

This article has been retracted by agreement between the authors and YoonJu Song/Sang-Jin Chung (Editors-in-Chief).
