ERRATUM

In the published article “Comparison of prediction accuracy for genomic estimated breeding value using the reference pig population of single-breed and admixed-breed. J Anim Sci Technol. 2020;62(4):438-448. <https://doi.org/10.5187/jast.2020.62.4.438>,” the acknowledgements have to be modified. The editorial office will report that this amendment is made at the request of the author.

ACKNOWLEDGEMENTS

This research was partly supported by Basic Science Research Program through the National Research Foundation of Korea (NRF) funded by the Ministry of Education (No. NRF-2019R1F1A1057605). All the data-set (Phenotypes and genotypes) used in this study was provided by National Institute of Animal Science, Rural Development Administration (RDA). Berkshire samples were provided by Dasan Pig Breeding Farm, Namwon, Korea
