It was recognized to authors just after the publication that scientific name in Fig. 1 of this article does not coincide with that in description. The problem is due to an incorrect revision of the final version of the manuscript. The typos in the article, however, do not affect our scientific results. The correct scientific name of described species in Fig. 1 reads '*Araneus yasudai* Tanikawa, 2001' instead of '*Araneus clavus* Kim & Yoo sp. nov.'. And legend 'Holotype female' in Fig. 1 should be deleted.
