WITHDRAWAL

After the initial acceptance of the manuscript titled 'Update physical genomic information for commercial bovine SNP chip based on recent reference genome sequences (ARS-UCD1.2)' to Journal of Animal Science and Technology (JAST) on March 23rd, 2021, the article readers stated some concerns regarding the mapping accuracy of illumine SNP chip to recent reference genome (ARS-UCD1.2). Therefore, after consultation with the editorial board members, JAST has decided to withdraw the manuscript due to the significant concerns relating to the claims.
